afford to have it any other way,

right into them.

Nash Six power and economy contribute much to popularity

The demand for the Nash Six with Perfected Valve-in-Head Motor in our own territory is similarly noticed by all Nash dealers. It evidences the growing popularity of the Nash Six with buyers everywhere. The improvements in its motor perfected by Nash engineers enable it to develop its greatest power at average driving speeds, and make it unusually economical in operation.

Fine clothes for the big business men-

NOT that you have to be a big man physically to appreciate these fine clothes. They're for men who can't afford poor clothes. For men who are accustomed to the fine things of life. Such men as have in past years paid the custom tailor's high prices because they have not yet learned the real facts about ready clothes.

I T is such men who find our service most valuable. They come here and get the best in style, fabric, color and pattern without the custom tailor's delay. They get clothes that are tailored better than any custom tailor ever dreamed of-in clothes that fit any man's figure with a nicety seldom seen in even the best custom clothes. Moreover, these men pay a fourth less. You too will come here someday. No better time than right now.

Fall suits at \$30 to \$75
